

Saint Name Project

In order to aide your child in choosing a Confirmation Saint they will complete a Saint Name booklet. The booklet will be presented to your child by their catechist as a work for them to enter into while in the atrium.

In choosing a saint, please do some research with your child, discussing the different characteristics of the Saint. Remember that the saints are guides and companions for us. By praying to them and studying their lives, they help us to see how every-day people like us, through grace, can overcome imperfections, leading to a life of holiness.

Steps for your child:

- Have your child bring printed research or a book about the Saint to their atrium session such as articles, images, or prayers that represent different aspects of your saint's life.
- The Saint name form is to be filled out and brought to their session by Dec. 21, 2018.
- Your child will give a presentation to their peers when the booklet is complete.
- Your child will bring home their Saint booklet to share with family on the day of their Confirmation.
